Road Safety/Speeding Task Force
Other Committees: Contracts, Neighborhood Storage and Road Services Committees

Comments:

- Ray Sweeney reporting for Road Safety/Speeding Task Force
 - Share of research statistics of how speed affects risk to give an idea of where Crossgate falls on the scale: 10 mph over speed limit is low risk, 20 mph is high risk. In the City of Crossgate we are falling in the high risk level at high drive times (mornings and late afternoons).
 - Actions that residents can take that will help:
 - Be a good example and drive within the speed limit in all areas of the City.
 - Talk to your neighbors to do the same.
 - Mayor to include communication regarding speeding along with Parking Ordinance information.

Comments:

- ARTIS/Kinman Property:
 - Artis reports that only demolition is taking place at this time. As of April 3, 2019, no building permit had been issued for the construction of a new building. The shape of the building changed and the width of the building which means there needs to be a modified CUP that is being docketed for a Louisville Board of Zoning Adjustment on May 6 or May 20, 2019.
- VA Hospital:

- The Response by the VA Hospital should be submitted April 9th.
